### REMARKS

Applicants thank Examiner Stockton for the indication in the Office Action of August 1, 2005 and the Advisory Action of January 23, 2006 that the subject matter of Claims 7, 15 and 17 is allowed. Applicants further thank Examiner Stockton for the helpful and courteous discussion of January 19, 2006. During the discussion, the Examiner agreed that the deletion of certain diseases from the claims would overcome the rejections of record pertaining to Claims 8 and 10.

Claims 8 and 10 are amended herein in accordance with the Examiner's comments.

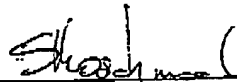

Claim 16, indicated as "objected to" in the Advisory Action of January 23, 2006, was amended in the Amendment filed on November 1, 2005 to include the word "or" after compound 62. Thus, the objection to Claim 16 should be withdrawn.
